Subject: FYI North Dakota DEQ's WQS
Attachments: ND WQS 2021 FINAL_PROPOSED_RULE.pdf

Hi Mary and Josh, attached FYI is North Dakota DEQ's most current WQS (redlined to show revisions). All of DEQ's revised WQS have been approved by EPA except for the proposed revision to its chronic aquatic life criterion for mercury on which we took no action (TBD).

I thought these WQS would be a really good reference/template to use as you work to develop MHA's WQS.

Thanks - and Happy New Year!
